# OVERVIEW AND READING AID

The following figures explain the possible components of the survey's questions.

If available, each table contains the following components in the respective formatting:

- 1 **Question code (bold, shaded in light blue)**
- 2 **Short question description (bold, shaded in light blue)**
- 3 Numerical filters (in light blue)
- 4 Survey question wording (shaded in grey)
- 5 **INSTRUCTIONS TO THE INTERVIEWER (IN CAPITAL LETTERS, SHADED IN YELLOW)**
- 6 **RESPONSE TYPE (IN CAPITAL LETTERS, IN LIGHT GREY)**
- 7 Response categories for single response questions: these are formatted in non-bold, black font. They are read out/shown to respondent unless otherwise stated  
**(via (DO NOT SHOW), PROBE FOR MORE, CODE ALL THAT APPLY)**
- 8 Numerical answer (in boxes, e.g. | \_\_ | \_\_ | \_\_ |)
- 9 **PROGRAMMING INSTRUCTIONS (IN CAPITAL LETTERS, IN ORANGE)**
- 10 **COUNTRY SPECIFIC RESPONSE CATEGORIES OR ADAPTATIONS (IN CAPITAL LETTERS, IN LIGHT BLUE)**
- 11 *Item non-response categories like "Refused", "Doesn't understand the question", "Don't know", "Not applicable" (in non-bold, black font, italic) were not read out or shown in the show card by the interviewer unless otherwise stated.*

[COUNTRY/REGION] and [COUNTRY] are programming instructions. The CAPI device will automatically display the region/country where the respondent has declared to live for the interviewer to read out.

Same holds true for the programming instruction [ROMA/TRAVELLER BACKGROUND]: ROMA/TRAVELLER BACKGROUND is used as an umbrella term and is tailored to the specific groups in the survey countries in the following way:

	<b>Umbrella term for [ROMA/TRAVELLER BACKGROUND] in national language used in survey</b>
<b>Belgium</b>	Flemish : Roma en Woonwagenbewoners French : Roms et Gens du voyage
<b>France</b>	Gens du voyage
<b>Ireland</b>	Traveller background
<b>The Netherlands</b>	Roma, Sinti of Reizigers
<b>Sweden</b>	Romer och resandefolk
<b>United Kingdom</b>	Gypsy or Traveller

Some of the following questions for interviewers are checks (e.g. for plausibility, survey participation requirements). These “checks” will be formatted in the same way as normal questions.

There are questions, where the interviewer is asked to show a card to the respondent (SHOW CARD XXXX). Show cards are visual aids from which the respondent chooses the answer to the survey question. For some questions, two versions of the same show card was interchangeably used. The first version shows the response categories in the order they are listed in this questionnaire, while the second version presents a reverse order of the answers (see Annex III).

## 2. PROJECT INTRODUCTION

### PROJECT INTRO

#### Project introduction

Good morning/afternoon/evening, my name is \_\_\_\_\_, and I am an interviewer with [AGENCY]. We are conducting a survey on behalf of the European Union Agency for Fundamental Rights (FRA) on people's rights and living conditions. This survey focuses on people who often are not given the opportunities to take part in surveys. Participation in the survey is voluntary and the answers will be treated strictly confidentially and anonymously. It will not be possible to identify any particular individual or address from the results. The interview will be carried out according to the [COUNTRY SPECIFIC GDPR standard]. You can choose not to take part or answer any specific question if you don't want to, and you can stop the interview at any time you want."

We will also be asking questions about ethnicity. If you do not wish to answer these questions then we will not proceed with the interview.

If you'd like more information or want to confirm that I am actually from the [AGENCY] you can call my supervisor on [TOLL FREE NUMBER].

## 3. RESPONDENTS SCREENING AND SELECTION SECTION (ECS\_E.)

Therefore I will ask you for the first name and age of each person in the household who is aged 16 or over, has a [ROMA/TRAVELLER BACKGROUND] and lived in [COUNTRY] for at least six months within the last 12 months? This information is only used for this survey and will not be shared with anyone.

## PROMOTING AND PROTECTING YOUR FUNDAMENTAL RIGHTS ACROSS THE EU —

This report presents findings from FRA's 2019 survey on Roma and Travellers in Belgium, France, Ireland, the Netherlands, Sweden and the United Kingdom. The survey included interviews with almost 4,700 Roma and Travellers, collecting information on more than 8,200 individuals living in their households.

By focusing on Roma and Travellers, the survey provides unique data and information that are not available from European general population surveys, which do not disaggregate on grounds of ethnic origin.

The findings present a bleak but familiar picture of discrimination and deprivation. We hope they encourage policymakers to step up their efforts to ensure a better future for Europe's biggest minority group.
