### POLICY RELEVANCE and ADDED VALUE of the PROJECT

In 2019 FRA published a report on 'Access to a Lawyer and other procedural rights in criminal and European Arrest Warrant (EAW) Proceedings', which was the outcome of a direct request from the European Commission to support its work in this area. The report was based on research studies in eight EU Member States – Austria, Bulgaria, Denmark, France, Greece, the Netherlands, Poland and Romania. The report outlined the application of the Directive 2013/48/EU on the right of access to a lawyer in the Member States covered by the research.

In 2020, Council Conclusions on 'The European arrest warrant and extradition procedures – current challenges and the way forward' (2020/C 419/09) invited FRA to continue working on procedural rights in EAW proceedings; namely, to extend its research to other Member States and to emphasise the experiences of lawyers acting in surrender proceedings.

In view of the forthcoming 20th anniversary of the adoption of the EAW Framework Decision on 13 June 2022, the Council invited FRA, among others, to propose possible solutions for current challenges in the application of the Framework Decision. The Commission was called on to update the EAW handbook, to provide guidance for practitioners on how to deal with cases of alleged risk of breach of Article 47 (2) of the Charter and to seek FRA's input in finding ways to improve practitioners' access to information.

Responding to the above policy the Agency will carry out fieldwork and desk research in a first phase of research in a selected number of Member States that were not covered in the previous FRA study from 2019. The fieldwork research will consist of interviews with defence lawyers and judicial authorities, and will focus on procedural safeguards for persons arrested under a EAW, in particular legal assistance in both issuing and executing Member States. In addition, FRA will organise a expert meeting with defence lawyers and judicial authorities from selected Member States to learn whether any common challenges and trends could be identified.

Preliminary results from Member States covered by the first phase of the research will be communicated to the Council and the Commission in 2022, with findings published in 2023.

### PROJECT OBJECTIVES

- Contribute to identifying and addressing current challenges in the application of the European Arrest Warrant (EAW);
- Provide valuable input for the update of the Commission EAW Handbook;
- Contribute to the proper implementation of fundamental rights and secondary EU legislation in practice as concerns the rights of persons requested under a EAW in Member States;
- Contribute to the proper implementation and execution of the EAW Framework Decision.
